INVITIATION TO A QUASAR SEMINAR

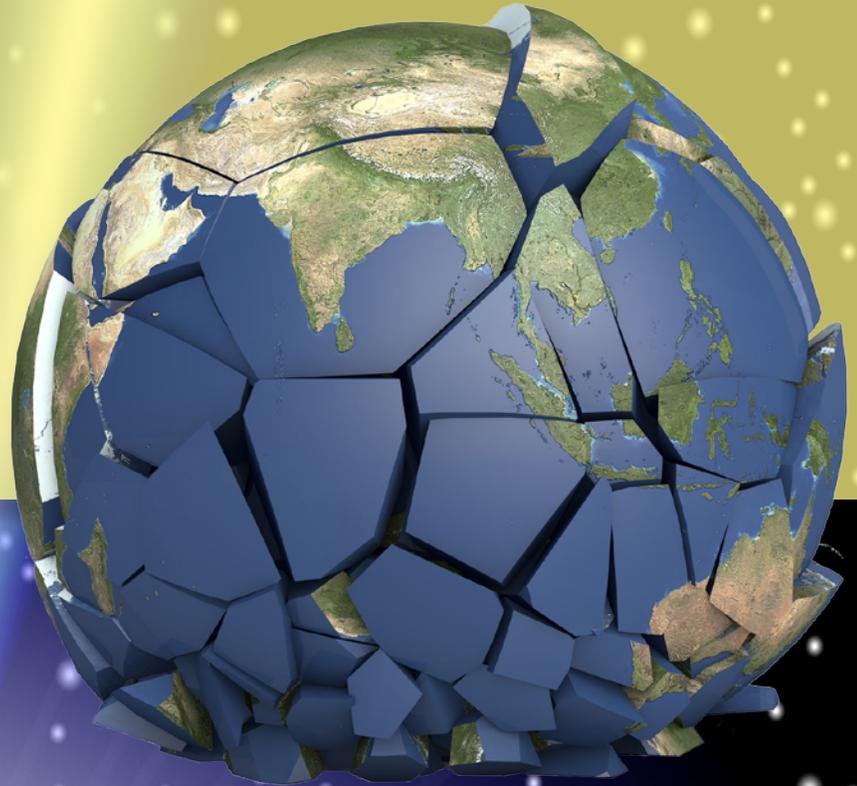

Photo: Claudia Marselle

The seminar will be led by **Hameed Ali & Karen Johnson**, who are the founders of the **Diamond Approach to Inner Realization** as it is now taught in the **Ridhwan School**.

We will use the precise knowledge and wisdom practices of the Diamond Approach Spiritual teaching to turn life's challenges into opportunities for growth and maturation. We will delve deeply into our souls together to reveal its natural potential to becoming more fully human.

This is the last in a series of public seminars, for individuals who wish to have a direct taste of the Diamond Approach path. Each seminar stands on its own. Prior experience in the Quasar seminars or in Diamond Approach work is not necessary to attend.

Our world is so fractured that people don't even agree that it is fractured. This is not the first time in history that our country or planet has been in crisis, but the information age has presented us with a new kind of immediate contact with other people, cultures, and traditions such that we cannot deny their existence or condition. We will explore how to live in such a world from our spiritual depth and how the qualities of spirit are necessary to live a meaningful life that expresses the joy and truth of the invisible world while simultaneously serving humanity in the ways appropriate for today's shifting and challenging situations.

The seminar will be held at:
**The Ridhwan Center
for Spiritual Development**

2075 Eunice Street, Berkeley, CA
September 22 through 26, 2018

10:00-6:00 each day with a two-hour lunch break.

It is a nonresidential retreat and will consist of two meetings a day.
